Why NEOMA Business School?

NEOMA Business School is one of the top ten business schools in France, ranked as one of the best business schools in Europe by the Financial Times, and holds 3 top international accreditations: EQUIS, AMBA and AACSB.

This is the opportunity to study in a historical French city, amongst French and international students. Students will gain both French & international perspectives on issues that matter to them, and be taught by qualified professors. They will benefit from the relatively small class sizes, which allow for interesting class discussions and sharing of knowledge. They will discover the French way of life and develop extra-curricular skills by becoming a member of one of the 60 student associations at the school. They will enjoy the rich academic and cultural distractions that are organized on campus and in town (conferences, debates, international gatherings, etc.). And finally, they will take in the beauty that surrounds them – whether in Reims, Rouen or Paris – and make the most of their time at NEOMA Business School !

Both Reims and Rouen are close to Paris, easy to reach by train, and a perfect starting point for travels to other parts of France and Europe.
